

HUSSAIN ALI SHAIK

Java Full Stack Developer | MCA Graduate

Hyderabad, Telangana | 7730014849 | hussainalishaik255@gmail.com | linkedin.com/in/hussain-ali-shaik | github.com/hussainalishaik

PROFESSIONAL SUMMARY

MCA graduate and Java Full Stack Developer with a strong foundation in Core Java, Object-Oriented Programming, Data Structures and Algorithms, SQL/MySQL, Spring, Spring Boot, REST APIs, and web technologies. Experienced in building modular Java applications and applying debugging, testing, input validation, exception handling, and Git-based development workflows. Completed hands-on Java Full Stack training and an Artificial Intelligence internship, with project experience in ticket booking systems and deep learning-based fake news detection.

TECHNICAL SKILLS

Programming: Java, Python, C

Core Java & Computer Science: OOP, DSA, Collections, Strings, Arrays, Exception Handling, Multithreading

Backend & APIs: Spring, Spring Boot, REST APIs

Database: SQL, MySQL, DBMS

Web Technologies: HTML, CSS, JavaScript

Software Engineering: SDLC, Software Testing, Debugging, Troubleshooting, Input Validation, Code Quality

Tools & Version Control: Git, GitHub

INTERNSHIP EXPERIENCE

Java Full Stack Developer Intern — CVCorp, Hyderabad

- Completed hands-on Java Full Stack development training covering Core Java, OOP, Spring, Spring Boot, SQL, MySQL, and REST APIs.
- Developed Java application modules using OOP principles to build structured, reusable, and maintainable application logic.
- Applied Data Structures and Algorithms (DSA) and problem-solving techniques while implementing application functionality.
- Worked with exception handling, input validation, debugging, troubleshooting, application testing, and defect identification.
- Developed and tested backend functionality and REST API components for application data exchange.
- Wrote SQL queries and performed database operations using MySQL.
- Used Git and GitHub for source-code version control and collaborated on development tasks and code reviews.

Artificial Intelligence Intern — SkillDezire

PROJECTS

CV Bus — Ticket Booking System

Core Java, OOP, SQL

- Developed a Java-based ticket booking system for searching and reserving bus, train, and flight tickets through a unified application.
- Applied OOP principles to design modular and reusable application components.
- Implemented booking workflows, input validation, exception handling, testing, debugging, and troubleshooting.
- Collaborated with a 6-member team on module integration, code discussions, reviews, and task completion.

A Deep Learning Ensemble Model for Fake News Detection

Python, scikit-learn, pandas

- Developed an ensemble-based deep learning/classification approach to distinguish fake news from genuine news content.
- Performed data preprocessing using pandas and built and tested machine learning models using scikit-learn.
- Applied testing, debugging, evaluation, and problem-solving techniques during model development.

EDUCATION

Master of Computer Applications (MCA)

2023 – 2025

Narasaraopeta Engineering College | JNTUK | 87%

Bachelor of Science — Computers

2020 – 2023

Sri Rohini Degree College | Acharya Nagarjuna University | 94%

Intermediate

2020

Modern Junior College, Chilakaluripet | Board of Intermediate Education, Andhra Pradesh | 88.60%

SSC

2018

RVS CVS High School, Chilakaluripet | Board of Secondary Education, Andhra Pradesh | 9.5 GPA

CERTIFICATIONS

- Certified Java Full Stack Developer — CVCorp, Hyderabad
- Internet of Things (IoT) — NPTEL
- C Programming — Dot Institute, Chilakaluripet
- MS Office — Dot Institute, Chilakaluripet
